

FOR IMMEDIATE RELEASE

Asset Services Announces Partnership with CSDGKC to Provide Physical Fixed Asset Inventory Services for Member School Districts

KANSAS CITY — (July 6th, 2010) —

Enterprise Asset Services, Inc (Asset Services), a national provider of fixed asset inventory services has announced a partnership with the Cooperating School Districts of Greater Kansas City (CSDGKC) to provide physical fixed asset inventory services for member school districts.

Asset Services will provide wall to wall physical inventories of fixed assets, bar coded property tagging, and asset management solutions for the districts. The partnership will allow CSDGKC to add another solution to its extensive repertoire of resources for member districts.

Current economic conditions are causing significant budget pressure for school districts. In addition to the legislative work done on behalf of school districts by CSDGKC, the inventory solutions offered through CSDGKC will help district budgets internally. Accurate fixed asset inventories will provide district business administrators information for capital budgeting and asset reallocation.

Asset Services CEO Scott Wyckoff states, “School Districts frequently have difficulty in controlling and tracking their fixed assets. Asset Services is often contacted when school districts are in a crisis situation, such as a failed audit of fixed asset controls, or negative press. Asset Services looks forward to proactively assisting the member school districts of CSDGKC by providing an accurate inventory of fixed assets prior to a crisis.”

The solutions provided by CSDGKC and Asset Services will assist member districts in ensuring an accurate inventory of fixed assets. Wyckoff remarks, “Although regulatory compliance may be the primary reason organizations call on us, the residual benefits of an accurate inventory of fixed assets are extensive. In addition to compliance with accounting regulations, accurate inventories also provide invaluable data for capital budgeting, accurate insurance coverage, a plan for disaster recovery, and good stewardship of public monies”

About Enterprise Asset Services, Inc.

Enterprise Asset Services, Inc. (Asset Services, [www.AssetServices.com](http://www.AssetServices.com)) is a national and international provider of fixed asset inventory management solutions for organizations in a variety of industries including hospitals and healthcare, education and school districts, colleges and universities, corporations and professional organizations, and all levels of government. Services include wall to wall physical inventories of fixed assets, counts of personal property and capital equipment, physical audits of existing assets, and solutions for maintaining fixed asset inventories. Fixed asset inventory solutions are provided to help organizations comply with accounting and grant regulations and requirements, assist in capital budgeting, reduce taxes, ensure appropriate insurance coverage, develop disaster recover documentation, and effectively manage existing fixed assets. An SBA Small Business based in Kansas City, Asset Services has performed inventories in 38 states and 23 countries.

#### About Cooperating School Districts of Greater Kansas City

The Cooperating School Districts of Greater Kansas City (CSDGKC) is a COOP of 28 school districts working together to create local results through regional cooperation. CSDGKC is the resource for current educational trends and evidence based practices that support student learning.

The mission of CSDKGC is to leverage members' combined strengths to provide high-quality and cost-effective services and resources to maximize learning for all students. :

- Establish collaborations, partnerships and strategic alliances.
- Plan and facilitate regular opportunities to collaborate and to assist schools to meet their individual and/or collective goals and objectives.
- Provide a professional development network.
- Provide business services such as cooperative purchasing.
- Provide administrative services such as conferences, public relations and legislative services.
